

Aquatic TECHNOLOGY

ATPP Series Pool Pumps

Reliable, DOE-Compliant Pool Pump Performance by Aquatic Technology

DOE Compliant / Certified

Certified to meet applicable U.S. Department of Energy requirements for dedicated-purpose pool pumps.

Dual-Voltage Flexibility

115/230V single-phase operation supports common residential pool installations.

Built-In Motor Protection

Integrated overheat and short-circuit protection help support safe, dependable operation.

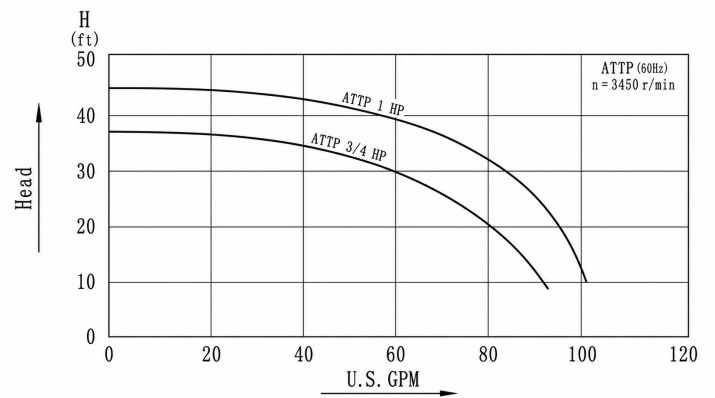

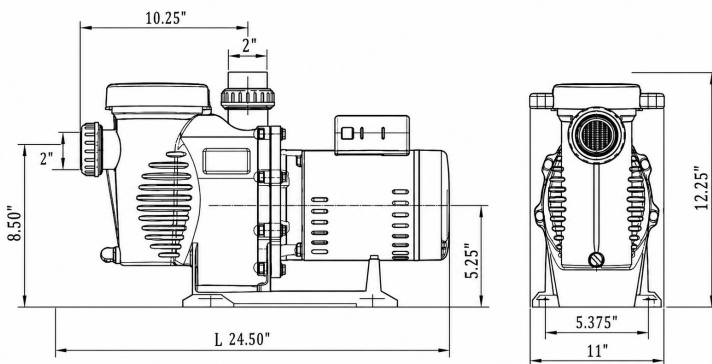

Durable Pool-Ready Construction

Non-corrosive, chemical-resistant, and UV-resistant materials are built for demanding pool environments.

Specifications

MODEL NUMBERS	HP	TOTAL HP	INLET/OUTLET SIZE	PUMP SPEED	VOLTAGE	WEIGHTED ENERGY FACTOR (WEF)
ATPP010075	3/4 HP	0.7505	2"	SINGLE	230V/115V	3.2126
ATPP010100	1 HP	0.0946	2"	SINGLE	230V/115V	2.9586
