

# BWT ESSENTIAL Line

IN-DEPTH CLEANING MADE EASY

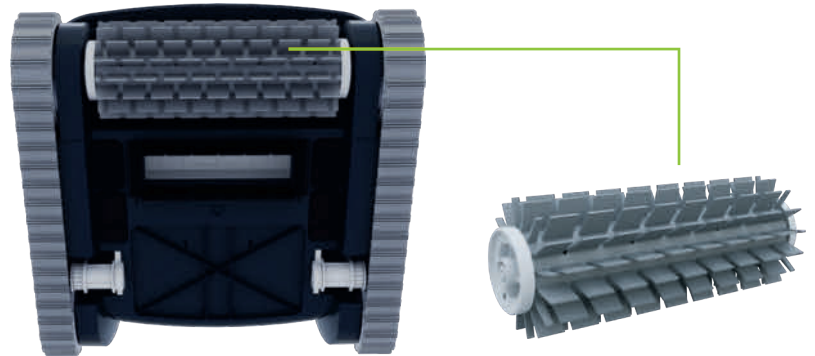

Made for Pools, Built for You!!

 **BWT**  
BEST WATER TECHNOLOGY

# Experience effortless pool maintenance with the **BWT ES600, ES700 & ES800.**

Single PVC active brush ensures indepth cleaning of all types of surfaces types, while its efficient clean cycle means less time cleaning and more time enjoying your pool!

## Patented Anti-Entanglement System: Smart Cable Control

Equipped with BWT's patented **Smart Cable Control (SCC)** technology, the ES Series of robots optimizes the trajectory in real time thanks to integrated sensors and our **Gen Core 7** navigation system.

No more tangled cables!  
The robot moves smoothly and efficiently, giving you complete peace of mind.

## Lightweight and easy to handle

Weighing in at 12 lbs, the ES600, ES700 & ES800 can be transported and set up effortlessly. A rapid water evacuation system makes removing the robot from your pool a breeze.

## Smart navigation:

The ES600, ES700 & ES800 use an advanced algorithm to clean pools more thoroughly and efficiently.

Unique mapping and scanning technology ensures no area is left unclean.

ES800

BWT Best Water App

## Choose your cleaning cycle remotely

The ES800 is equipped with **BWT Best Water App**, allowing you to select from three distinct cleaning cycles (1.5 hrs, 2 hrs, and 2.5 hrs) to cater to your specific pool needs. The robot cleans the floor, walls and waterline of any pool up to 40 ft.

# Discover the **ES Echo**, the intelligent and cordless pool cleaning robot.

Completely autonomous and rechargeable, the **ES Echo** efficiently cleans the bottom, walls, and waterline of your pool up to 50' no matter the pool shape or finish.

The ES Echo is a cordless pool cleaning robot that combines **advanced performance** with **ease of use**.

Equipped with **ultrasonic radar technology**, it intelligently plans its trajectory for efficient and complete cleaning.
