

RC ROBOTIC POOL CLEANER

Compact, streamlined, and energy efficient

Where Reliability and Performance deliver the “Ultimate Clean” for any inground pool regardless of surface.

RC

RC ROBOTIC POOL CLEANER RC 50 | RC 60

Powerful Dual Drive

Designed for the harshest pool environments, the RC series will power over obstacles including floor drains scrubbing and cleaning all surfaces.

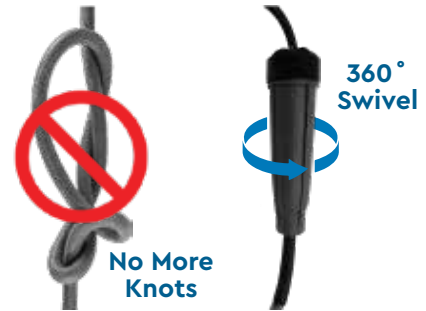

Top Access Dual Filters

RC robotic cleaners come with top access Dual 4D Hyper Fine filter baskets that trap the smallest of particles to keep your pool sparkling clean.

Tangle FREE Swivel

No more tangled cords to stop your cleaner from finishing the cleaning cycle. All RC cleaners come with an attached swivel that eliminates tangles and allows your cleaner the freedom it needs to do a through cleaning.

Three Year Bumper-To-Bumper Warranty

The RC series has the best-in-class full three-year warranty. This covers every component of the unit for three full years.

Bluetooth Connected

The RC60 contains a bluetooth module to talk to our proprietary BWT Best Water Home App. You can control your RC60 robotic cleaner from your smartphone with a swipe of your finger. You can easily direct the cleaner to pick up a specific piece of debris that may have been blown into the pool by the wind. Download our FREE app from the Apple Store or Google Play Store.
