POOL PRO'S FAVORITE TAB FEEDER

POWERCLEAN TAB ULTRA

- Eliminate Leaks with All Piping Inside the Unit
- Clear Lid Options for Easy Inspection (Ultra Models)
- Superior 100% Shut-Off Dial
- Built-In Flow Indicator (Ultra Models)
- Integrated Bottom Drain Plug
- 1.5" & 2" Unions for Quick Disconnect (Ultra Models)
- Holds Twelve 3" Tablets or 5lbs of 1" Tablets
- Treat Pools from 5,000-50,000 Gallons

BUILT FOR VARIABLE SPEED

Choose a Powerclean Tab VS model for effective tab saturation with system flow as low as 20GPM.

- Increases Flow Rate Over the Chlorine Tablets in a Low Flow or Variable Speed System
- Available for Powerclean Ultra and Econ
- VS Kit Also Available for CMP Retrofit
- High Flow Without Elevated System Back Pressure

"ECON" OPTION FOR AFFORDABILITY

Powerclean Tab Econ is built in the same superior style, simplified for a lower cost. Available in VS style for variable speed systems.

THE BEST OFF-LINE DESIGN AROUND

Say good-bye to weak metal pipe clamps! Powerclean Tab Offline units are built with heavy duty plastic clamps, have a larger hose size and can optionally be hard-pipe installed.

- Pipe Adapter Sizes Up to 3"
- Larger Hose Than Comparable Brands
- Includes Base, Two Mounting Brackets and Tubing plus 3/4" Fittings for Hard Plumbing Installation

BIG OR SMALL, POWERCLEAN TAB™ HAS YOU COVERED

POWERCLEAN TAB mini

Great for Above Ground Pools! It's a real Powerclean Tab feeder, just a little smaller.

- Colorful Retail Packaging
- Holds Five 3" Tablets or 2lbs of 1" Tablets
- Treats Pools from 5,000 - 20,000 Gallons
- 1.5" Hose Adapter & 1.5" Threaded Fitting Included

POWERCLEAN TAB max

Perfect for larger pools, or saving time by refilling less often. Hold up to 15lbs of tablets in this extra-large tab feeder.

- Off-Line Installation with 1" Hard Pipe
- Precise Quick Disconnect Flow Control Valve
- Safety Locking Vent-able Lid with Clear Glass View-port
- Includes 1" Quick Disconnect Union Fitting
- Built-In Drain Valve for Easy Service or Winterization

CLEAN, CLEAR & SAFE: DESIGNING A COMPLETE MODERN POOL™

THE IMPORTANCE OF A RESIDUAL

Chlorine has a long history of use in pool sanitization, and it has one great trick. It is excellent for maintaining an active residual in the water itself. That means the moment a contaminant enters the water chlorine gets to work. Chlorine is also just as effective when the pump is off, as long as a proper residual level is maintained in the water.

ADVANCED SANITIZERS ARE POWERFUL

Advanced Sanitizers are excellent for destroying or inactivating dangerous contaminants that can be present in any backyard pool. They are effective on microorganisms, viruses, bacteria and other pathogens. Chlorine can also be slower to work, and its effectiveness is lowered by the presence of chloramines and unbalanced pool water. Advanced Sanitizers break down chloramines and work in a wide pH range.

THE COMPLETE MODERN POOL™

The goal when designing a sanitizing system for a backyard pool is to create the best possible installation. Every tool has strengths and weaknesses—the key is to choose components that work together to achieve the best result!

	ADVANCED SANITIZER SYSTEM	CHLORINE SYSTEM	THE COMPLETE MODERN POOL™
Destroys or Inactivates Chlorine Resistant Organisms	✓		✓
