Water Polo Clock

Colorado Time Systems' wireless water polo solution makes running your match easy. The portable scoreboard can be moved within your facility to accommodate the best viewing for your audience (caddy sold separately). Game and shot time are displayed in a ruggedized polyethylene molded plastic enclosure that is water and sun resistant and completely corrosion free.

Water Polo Clock
- 10" LED digits display shot time, 5" LED digits display game time
- Integrated horn - performs separate shot and game tones
- Integrated batteries
- Can be used as a deck side pace/time of day clock when not being used for competition

Scoreboard
- Molded plastic handle for ease of portability
- 10" LED digits display game time and home/guest scores
- 7" LED digits display period
- Integrated horn - performs separate shot and game tones
- Integrated batteries

Wireless
- 2.4GHz integrated wireless technology
- Operate with a wireless tabletop or handheld controller

Handheld Controller

- Operating distance up to 1,000 ft
- Buttons with tactile dome feedback
- Large, transflective LCD screen -- easily readable in all environments from darkness to bright sunlight
