

Fluidtrol Specialty SWX Series Strainers

Fluidtrol Process Technologies, Inc. manufactures basket strainers to identical centerline and face-to-face dimensions as Marlow C10X and D10X Series. However, our strainers are constructed from the more corrosion resistant PVC/FRP laminate.

Included with this strainer package is a clear acrylic lid, stainless T-Handle lid attachments, Van-Stone Flanges and heavy duty stainless basket- 1/8" perforated. All components and fabrication as in our SW Series Aquatic Strainers.
