

# Choose your wingman

THE SERVICE-21™  
(includes vehicle mount—not shown)

THE SERVICE-30™  
(includes vehicle mount—not shown)

## and prepare for takeoff.

The sky's the limit when you choose a portable cleaning unit by Hammer-Head! Our rechargeable 12-volt Hammer-Head system launches your cleaning session instantly. There's no set-up time, no valves to switch, no pumps to prime, and no dangerous power cords or outlets. You can clean a pool even when electrical and water service are unavailable. Swift, silent, and safe, this speed machine can save you as much as 50% in cleaning time per pool. Use the time you'll save to grow your business, *or just give yourself a break!* Hammer-Head pool cleaning units feature interchangeable parts, pressure-sealed motors, debris bags in four different grades, and are made with pride in the U.S.A. *Are you feeling the need for speed?*

Ask your dealer about Hammer-Head or visit us at [hammerheadvac.com](http://hammerheadvac.com) to find a dealer near you. 866-887-7983 or [info@hammerheadvac.com](mailto:info@hammerheadvac.com)
