

CrystaLogic® 160 & 320 Accent Lights

WHITE LED POOL & SPA LIGHTING

Brilliant White LED
Accent Lighting for
Commercial Pools & Spas

COMMERCIAL POOL LIGHTING

New CrystaLogic® White LED Accent Lighting provides an elegant solution to illuminate small commercial swimming pool, spa and landscape features, bringing brilliance to areas that were previously difficult to reach with traditional lighting. The easiest 1.5" light to install at just 4" below waterline and as little as 8" of PVC conduit, CrystaLogic Accent Lighting is ideal for steps, water features, jets, bubblers, baja shelves, fountains, spray/splash pads, landscape features and more.

These low-voltage LED lights use far less energy than typical incandescent lights, last up to 10 times longer, save money on energy costs, cut back on service calls to replace bulbs and offer total coordination of all water environments with Universal CrystaLogic white LED lights.

CrystaLogic® 160 & 320 Accent Lights

WHITE LED POOL & SPA LIGHTING

FEATURES

- Total coordination of all water environments and with Universal CrystaLogic White LED Lighting
- Easiest 1.5-inch lights to install at just 4 inches below waterline and in as little as 8 inches of PVC conduit
