Exceptionally Tough. Extremely Efficient. Engineered to Provide Commercial Pools with a Precision Clean

Powerful with a Purpose

Designed for pools up to 88 feet, the Wave 100 is best suited for mid-sized pools in schools, health clubs, resorts, and water parks. This cleaner ensures complete pool coverage with floor, walls and waterline scrubbing plus superior filtration for all types of dirt and debris.

Extra-Wide for Maximum Efficiency

Designed for pools up to 105 feet, the Wave 150 is a perfect solution for large universities, health clubs, municipal pools, and resort pools, including those with beach entry. With a wide cleaning path of 22 inches and a top-access filter, the Wave 150 excels at floor scrubbing and heavy-duty dirt collection.

wave

Cyclonic Dirt Destroyer

Designed for pools up to 105 feet, including those with beach entry, the Wave 200 XL is equipped with a two-level cyclonic filtration system paired with enhanced floor scrubbing capabilities. With the ability to customize up to four different cleaning parameters, the Wave 200 XL makes it easy to maintain all your facility pools using a single robot.

Gold Medal Cleaning

Designed for Olympic competition facilities and other large pools up to 154 feet, including those with beach entry, the Wave 300 XL provides the highest level of filtration and floor scrubbing capabilities in its class. Utilize one robot for multiple pools with the ability to customize up to four different cleaning parameters.

QUICK PAYBACK ASSURED

Many Dolphins pay for themselves within a year. Dolphins reduce labor costs associated with pool maintenance, allowing for more time to focus on other facility needs.

HANDS-OFF CLEANING

Get more done in less time with plug-and-play, fully automated operation. Multiple cleaning cycles helps minimize cleaning downtime. Clean the pool overnight and be ready for guests in the morning.

DEPENDABILITY THAT MATTERS

Built for heavy-duty cleaning performance and reliability, the Wave Line is backed by a 3-year warranty. Get the best protection of any robotic pool cleaner on the market
