**Description:** Wing-It Spike-n-Splash is a multi-sport game system for basketball and volleyball. Made of UV-treated polyethylene to ensure outdoor durability, its base can be easily filled with water or sand to keep it anchored. The specially-designed, winged backboard was designed to keep the ball in the pool for less game interruptions. And, to switch to volleyball, the volleyball net can be quickly clipped onto the Wing-It basketball game without even getting out of the pool. Wing-It is easy to assemble in less than 30 minutes and includes 1 basketball and 1 volleyball in every kit.
