Cantilever

- 6' tall at the seat
- Permanent unit features a slim design that requires minimal deck space
- Seat swivels 360° for a full view of facility
- Extended observation platform features a non-slip, white, sanded tread
- Handrails and seat post are 304 stainless steel
- The support column is primed and ready for a high quality paint topcoat*
- * We recommend a high-quality acrylic urethane enamel for a durable finish
