# DESTINATION LOUNGER™

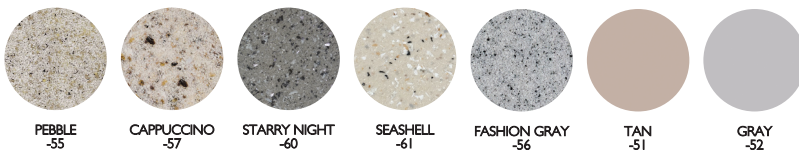

The Destination Lounger™ lets you relax and enjoy the pool without a splash. Elegant design and sturdy construction combine to give pool owners the opportunity to upgrade their sun shelf space with ease. Made using an advanced RTM manufacturing process, Destination Loungers are lightweight yet strong. The innovative design allows pool owners to easily fill the base section with water but, more importantly, also allows them to move the lounger to remove water so it's easy to take it off the sun shelf when not in use.

- High-quality RTM composite material
- UV protection to resist fading
- Compatible with all pool types, including vinyl
